Our Purpose

- Why the analysis?

02

Our Data

- Data Selection
- Data Processing

03

Potential Market Opportunities

- Choice between ACT & SAT test
- Best/Poor Performing States

04

Marketing Ideas

- Popular Colleges & Majors

05

Conclusion

- Limitations
- Recommendations

01

Our Purpose

Why the analysis?

The Khan Academy logo, featuring a green leaf icon followed by the text "KHANACADEMY" in white on a dark teal background.The ePrep logo, featuring a green circular icon with a stylized orange 'e' and the word "Prep" in green, with a registered trademark symbol.The collegevine logo, featuring the word "collegevine" in green, with a small green leaf icon above the 'v'.

A Big & Growing Pie!

The SAT and ACT test prep was estimated to be a **US\$ 17.5 billion industry** in North America¹. Every year, parents can pay up to thousands of dollars just to help their kids to secure a place of their dream school.

Despite the recent movement towards making these tests optional, the industry is still projected to continue to grow at Compound Annual Growth Rate of **6.39%**, which amounts to **US\$11.93 billion of growth** from 2022 to 2026².

The purpose of our project is to **provide insights** on the industry based on the recent SAT and ACT scores to help service providers leverage on this expanding market.

Our Data

Data Preparation

Data Processing

Phase 1

Research

Phase 2

Data Cleaning

Phase 3

Merging of Datasets

Phase 4

Analysis!

Phase 1 - Research

To Supplement Existing Data

- 2020 SAT Scores by State (<https://soflotutors.com/blog/sat-scores-by-state/>)
- 2021 SAT Scores by State
(<https://blog.prepscholar.com/average-sat-scores-by-state-most-recent>)
- 2020 ACT Scores by State
(<https://www.act.org/content/dam/act/unsecured/documents/2020/2020-Average-ACT-Scores-by-State.pdf>)
- 2021 ACT Scores by State
(<https://www.act.org/content/dam/act/unsecured/documents/2021/2021-Average-ACT-Scores-by-State.pdf>)

Phase 2 - Data Cleaning

Steps:

1. Import the datasets
2. Check for missing values, duplicate and outlier and fix values where applicable.
3. Check the data types of each feature and fix data types if necessary.
4. Rename columns all to lowercase and snake case.
5. Drop irrelevant rows/columns.

Phase 3 - Merging of Datasets

Reasonable Check:

1. Check and verify number of rows and columns of each merged dataset against the expected number of rows and columns.
 - a. Check for number of rows and columns (e.g. using `dataset.shape()`)
 - b. Check for difference in row (e.g. using set function)
2. Check for spelling errors, case sensitive names and other data issues if any.
3. Perform data cleaning (phase 1) if necessary to fix issues found in step 1 and 2 above.
4. Merge dataset once data is clean.
5. Go through step 1 to 3 above. If results are satisfactory, then proceed to data analysis.

03

Potential Market Opportunities

Let's find out which states hold promising revenue

Data Insights

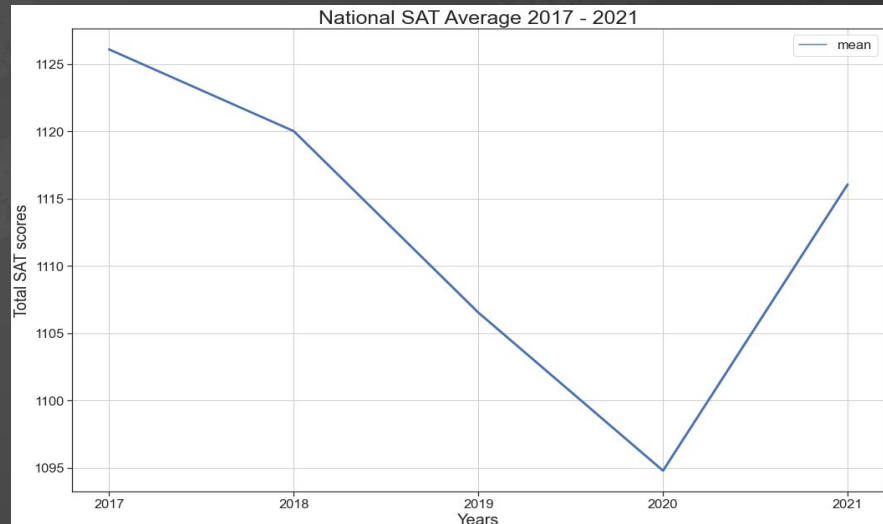

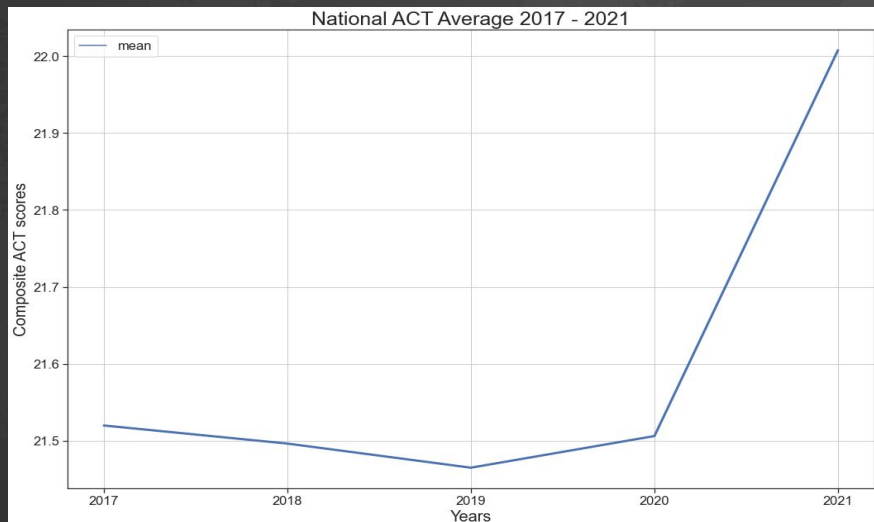

Trend

Insights

ACT & SAT Performance Trend

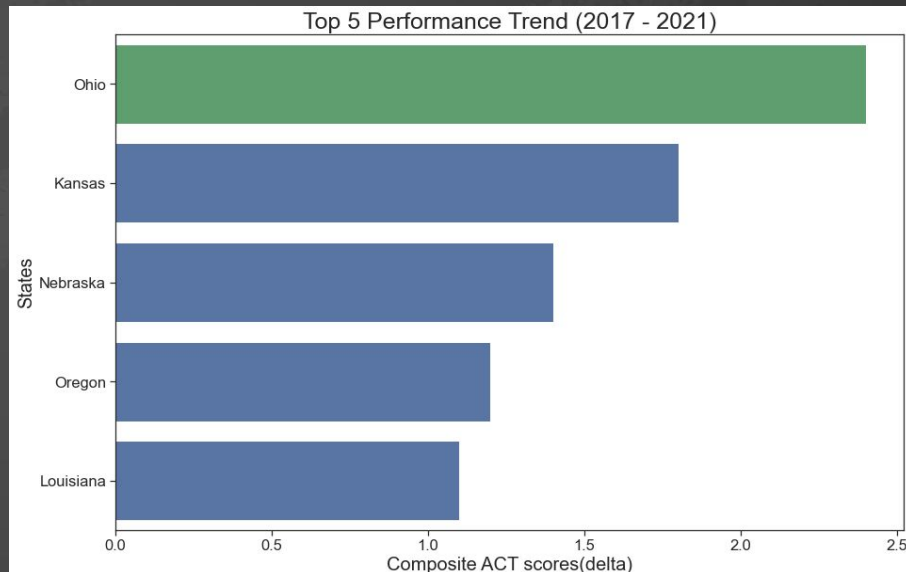

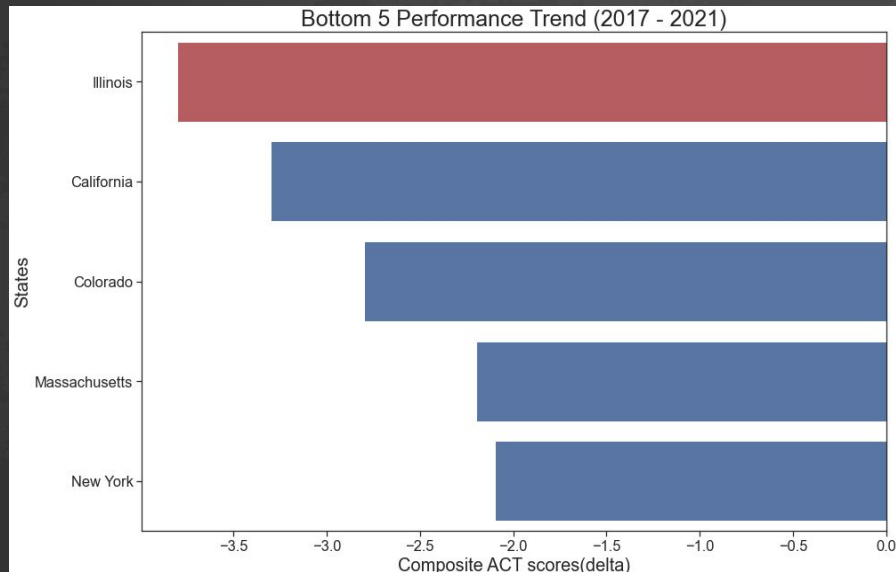

Average National score per year

- ACT National Average trend was average until 2021 can see a steep improvement
- SAT National Average trend was lowest at year 2020 and improved in 2021

Top & Bottom 5 states (ACT)

By summation of 5 years delta (Year1 - Year2)

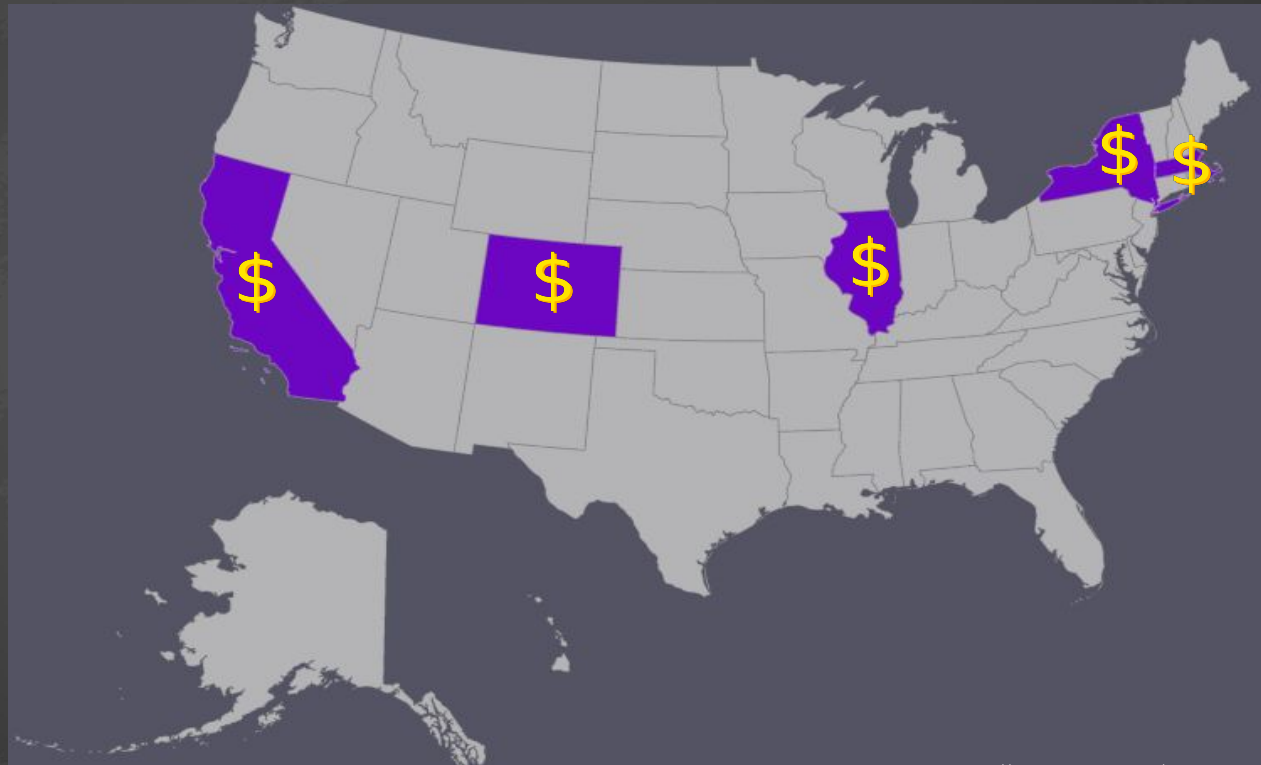

1. Top 5 : Ohio, Kansas, Nebraska, Oregon, Louisiana

2. Bot 5 : Illinois, California, Colorado, Massachusetts, New York

Potential Markets for ACT

Service providers can consider tapping into these markets :

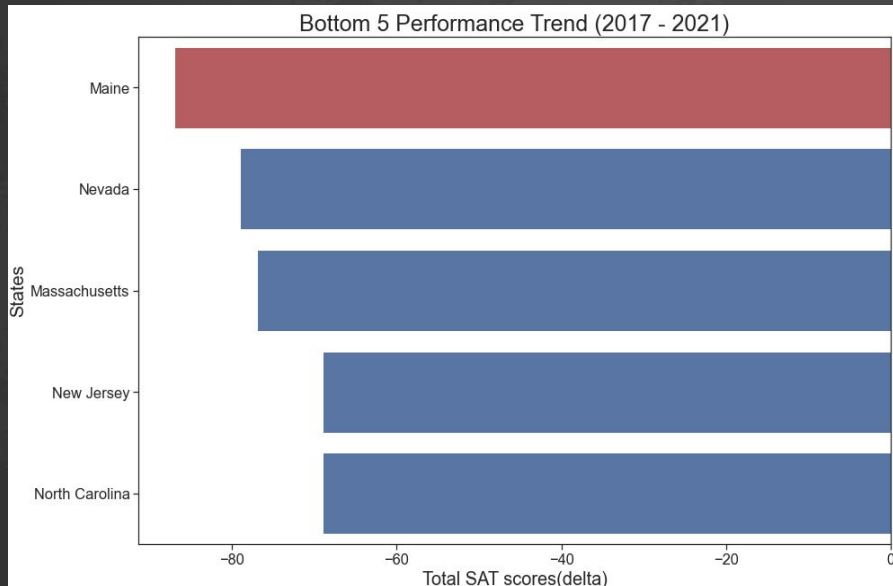

- Illinois
- California
- Colorado
- Massachusetts
- New York

Source: <https://www.amcharts.com/>

Top & Bottom 5 states (SAT)

By summation of 5 years delta (Year1 - Year2)

1. Top 5 : New Mexico, Colorado, Illinois, Ohio, West Virginia

2. Bot 5 : Maine, Nevada, Massachusetts, New Jersey, North Carolina

Potential Markets for SAT

Service providers can consider tapping into these markets :

- Maine
- Nevada
- Massachusetts
- New Jersey
- North Carolina

Colleges Test Preference

Based on analysis, ~46% of colleges are more inclined towards ACT scores.

This information can be used for service providers to market ACT tests and potentially drive up demands of test-prep service for ACT.
